Introduction

Dear Customer

Welcome to the latest Xdra Discs Catalogue of VideoCD, CD-Rom and CD-i products. As before the focus is on software that includes full-screen MPEG-playback action, with titles for home, business and education.

Prices shown include UK tax at 17.5%, so if you are a business or live outside the European Union then real prices will be lower by 17.5%.

Every two months we update our special offer list, so you may wish to ask for it before ordering. A current order form, including special offers, is enclosed with this catalogue.

You may also wish to ask for our Xdra Learning list if you have a CD-i player and school-age children.

Trade customers should contact us direct for information on reseller's terms and our exclusive titles.

Wherever you are in the world, we hope you find what you need here, and assure you of our very best attention in fulfilling your orders promptly and cheerfully.

A.J. Macnaught - Managing Director

How to Order

You can order or enquire by telephone, fax, e-mail or letter, remember to

1 Include your Name, Address & Telephone, Fax, E-mail numbers

All prices listed include Tax at 17.5%. If you are from a country which is not a European Union member then you can deduct tax (17.5%) if you are from a country which is a European Union member then you are liable to pay the tax inclusive prices. To calculate tax exclusive prices simply divide the listed prices by 1.175, e.g. NON EU Customer from USA buying a title at £29.99 UK pounds (inc Tax) pays £25.52 (ex Tax), e.g. EU Customer from Germany buying a title at £29.99 (inc Tax) pays the Tax inc. price.

3 Include reference to special offers (see separate order form)

CD-i LANGUAGE Learning

This software will play on CD-i playback systems only. (DV - Digital Video)

Language Director

Language Director is a series of laboratory-type courses designed to teach spoken communication in English, French, German and Spanish.

Each Language has 3 levels - beginner, intermediate and advanced. And each level has 3 discs - a guided tour disc which explains the operation and two actual tuition discs.

What features does Language Director have?

Each Language Director disc has two modes for each lesson - PLAY mode, which helps develop listening and comprehension skills, and LEARN mode which encourages the student to say the sentence before hearing it.

As with all CD-i applications it is possible to record the audio using a basic cassette recorder allowing comparison to be made between the student's pronunciation and the example given by the disc.

Each level consists of 3 discs providing 35-50 hours of study depending on the knowledge and ability of the student plus around 2 hours of in-built tests designed to monitor progress. Around 500 words are introduced at each level.

Language Director Guided Tour...

Disc 1, The Guided Tour, provides a complete overview of the learning system plus an explanation on how to get the most out of it. The interactive audio visual introduction, which lasts around 30 minutes, is presented in a choice of 14 languages.

The learning discs...

Disc 2 & 3 are the actual tuition discs. These are in the language being learnt. Words used are clearly explained by the database of pictures and sounds making it possible to start level 1 with no knowledge.

Every lesson builds on the knowledge of words and structures acquired from previous ones with lesson tests in language comprehension using a series of spoken sentences that relate to a visual picture or cartoon.

If a student feels that the content of a lesson is too easy then they can opt to take the lesson test which, if passed, gives access to the next lesson. A student who already has some knowledge of the language can take the chapter test which, if successfully completed, will give access to further lessons.

Language Information Centre...

Disc 2 & 3 also have a complete information centre which allows the student to look up the word or phrase on an alphabetical list with explanations given by pictures and/or annotations or examples that only use words which are already known at this stage of the application.

After the course...

After completing level 3 a student should be able to hold a discussion on a wide range of topics, follow radio and television, and understand almost all newspaper articles.

International Business Language

This interactive CD-i Language course is designed for professional people who have an understanding of the English language, but who lack experience in using English in business context. Within just a short space of time, it can help them to master the skills they need to talk business English all over the world.

What is the aim of the course?

'The International Business Language' helps international business people to become fluent in the terminology used in banking, export, and international trade and finance. In fact, this is exactly how the course is set up. The first chapter teaches the language needed for general banking operations around the world. The second chapter expands your vocabulary to deal with some of the more complicated issues of international trade and finance. Finally, the last chapter teaches the terminology that will help you to use export as your tool for market expansion.

CD-i & VideoCD CREATION Software

This software will play on IBM PC compatible computers - used to produce CD-i & VideoCD 2.0 discs

ShowMaster - CD-i Production Software

Now it's easier than ever to create impressive multimedia presentations...

Use your PC to combine photographs, slides, graphics, sound, and MPEG full-motion video into adaptable, full-featured CD-i presentations. Simply plug your CD-i player into any television or projection device, insert the disc, and deliver your show anywhere in the world. Create discs with multiple shows and a variety of assets, then arrange your presentations on the fly.

ShowMaster Components

ShowMaster has two components: ShowBuilder and the ShowMaster CD-i application residing on your completed ShowMaster presentation disc. Use these ShowBuilder components to create your disc:

- Audio and video conversion tools - Change your materials into ShowMaster supported formats.
- ShowEditor - Select still images, audio clips, and MPEG video to incorporate into your presentation.
- ShowMaker - Choose the presentations to be included on the disc and build the ShowMaster disc image.
- DiscWriter - record show onto a compact disc.

Last Minute Changes

You and your presentations are ready to go. What about last minute changes? No problem. Remove slides or reorder them. Add slides from other presentations or create new shows using any of the assets on the disc. Generate new title and bullet slides directly on your CD-i player. Store your new/modified presentation on the player and play it back any time.

Unique Features, Powerful Presentations

ShowMaster combines all the elements of multimedia onto a single disc that will play anywhere in the world. Utilising the simplicity and reliability of CD-i, ShowMaster puts multimedia power at the hands of even the most novice presenter.

Multiple Shows on a single disc

ShowMaster is not limited to a single presentation. Store multiple shows on each disc, and select the one you want from an on-screen list via the Load Show option. The selected presentation is ready to play. You can also pre-load the selected presentation for immediate play.

Match Your Material to Your Client

ShowMaster gives you the flexibility to rearrange, change, and create presentations right on your CD-i player. You can create new title and bullet slides using an on-screen virtual keyboard and your CD-i remote. New shows can be created using any of the existing materials on the disc. New slides and shows are saved in the non-volatile memory on the CD-i player and remain there, even if the player is turned off.

VideoCD 2.0 Toolkit - VideoCD 2.0 Production Software

Create your own interactive VideoCDs with VideoCD 2.0 Toolkit...

Video CD 2.0 Toolkit

Open up the possibilities of VideoCD 2.0 with VideoCD 2.0 Toolkit. You can expand your activities by offering your customers the extended interaction capacities of VideoCD 2.0.

In the graphical user interface of VideoCD 2.0 Toolkit, you can create applications ranging from a linear music video title to interactive video catalogues, all in the popular VideoCD 2.0 format. The Toolkit integrates all the tools you need to author and build VideoCD 2.0 applications like interactive training, information kiosks and feature films.

You can produce a point of sale VideoCD title with multi-level menu structures and hotspot interaction which you can even display on a touchscreen monitor. VideoCD 2.0 Toolkit offers a set of conversion and encoding tools surrounded by a user friendly graphical interface to allow you to focus on what really matters: exploiting the capacities of VideoCD 2.0.

- Graphical user interface with drag and drop
- Integrated MPEG still conversion and multiplexing
- Integrated Disc Building
- Automatic generation of VideoCD 2.0 system files, no programming skills required
- Compatible with a wide range of audio and image file types
- Support of VideoCD 2.0 extended PSD option

Importing

You can build templates by constructing common structures or by importing volume maps, objects, and assets from pre-existing Video CD 2.0 titles.

In this way, you can build titles that are similar in organization but contain different video and audio. Similarly, you can reuse whole volume maps, object lists, and lists of assets by importing them from previously built titles. You can set up new branches and new navigational patterns with the same material. Why completely re-invent the title, when you can build on existing work?

Go & Show - Portable Multimedia Presentation

Good enough is no longer good enough. Better is all that counts.

Top sales people know that looking good is easy. What really counts is looking better than the other guy. That's why top sales people are turning to multimedia presentations - for impact, clarity, professionalism, and consistency of message.

Go&Show uses the world's most powerful portable CD-i player and the world's most compact LCD projector.

The projector head swivels round to project from within the specially designed case.

Using the Projector

The inspiring picture quality is suitable for audiences of up to ten people. For one-to-one presentations you can use the battery-powered portable CD-i player.

It's easy to use

The multimedia is CD-i based. Simply drop the disc into the tray and start. At all times you can concentrate on what's really important: your audience.

Freedom to move

You can use either an infrared controller or a wired controller. Both devices are easy to use and the infrared allows you to walk around, interact with your audience and maintain regular eye contact.

Very fast to set-up

Plug and present. Just one connection for the power supply and you're ready. Stylish efficiency like this makes an impressive start to any presentation.

Excellent video quality

Go&Show lets your customers see your products and services in action. The Go&Show video quality is better than VHS. And it's full screen too! Video clips help explain complex products and keep your audience interested. It's the essential ingredient of a winning presentation.

Highly reliable

Multimedia presentations based on CD-i are already proven in countless business situations. You can be certain that your Go&Show performs faultlessly time after time.

It says you're innovative

The Go&Show case is the latest technology. It's stylish and convenient. The whole kit proves you care about your customers. Association with ideas like this says something very special about you, and how your company operates.

It's low cost

Compared to other portable multimedia systems Go&Show is low-cost. But when you consider the excellent full-screen video quality of Go&Show, there really is no comparison to other systems.

NT 3054 - HIT SONGS

Let her cry
Look what followed me home
Love of my life
How did I get by without you
Tryin' to get to new Orleans
Candy rain
Can we start all over again
Half on
Near time
That don't satisfy me
(Don't say goodbye girl)
Believe
The power of love
If only knew

£34.99 Code NK/NT 3054

NT 3055 - COUNTRY HITS

Down in flames
If ever fall in love
Another year of love
River of time
Guardian angel
And still
Can't that mountain high
Now you tell me
They asked about me
Oh boy
Eight feet high
Gardenia
Hometown boy
Looking for the light

£34.99 Code NK/NT 3055

NT 3057 - HIT SONGS

In the house of stone & light
So fine
I believe
Baby
Believe I let you go
Body & soul
I just died in your arms tonight
I want you
If you love me
Practice what you preach
Tin man
My prerogative
Lacked out
None of your business

NT 3059 - HIT SONGS

That'll be the day
It's so easy
Me & Bobby McGee
Up on the roof
One fine day
The leader of the pack
Atavactaba
Froze frame
One thing leads to another
Mercy mercy mercy
Keep the fire burnin'
Run away
Best friend
Never should've let you go

NT 4056 - COUNTRY HITS

For my broken heart
It's your call
My kind of girl
A christmas letter
A sunday kind of love
For a chance
Forever and ever amen
No secret
Let me tell you about love
Rebbed dreams

Strong enough to bend
Thinkin' problem
Till you love me
Turn it loose

£34.99 Code NK/NT 4056

NT 4058 - COUNTRY/INSPIRATIONAL R

A heart that knows
Save this one for me
She can't say I didn't cry
The basics of life
I DON'T believe in goodbye
Walking to Jerusalem
I'm not ashamed
I was blown away
No place like home
The keeper of stars

A little bit of you
When I come back
I'll miss honey back
This is me missing you
Darned if I do
Stay forever
Gonna miss me when I'm gone
You can't make a heart
I'm in love with a capital U
No ordinary man
You ain't much fun

The shadow of your smile
Wasted on the way
The ticks of my tears
And no mountain high enough
Foot foot foot love
Ain't too proud to beg
Dancing in the street
I can't help myself
Hired it through the grapevine
My guy
Rape was a rolling stone
Stop in the name of love
Lull my heart in San Francisco
It's the same old song

PC MPEG BOARDS for VideoCD Capability

Upgrade to VideoCD

Upgrade your PC to play all the latest VideoCDs and CD-Roms with MPEG content or MPEG files you download from the internet. The MPEG player has features of similar nature to a video player, fast forward, rewind, track selection, pause, play and record (in the form of savable frame shots), of which all are controlled via keyboard or control panel options. Each pack includes simple-to-follow installation instructions as well as the relevant driver software. There is a new standalone Board or a choice of five great starter packs.

Major Features of all MovieMaster Boards...

Superb Quality

VHS Video quality as a result of 24 bit colour resolution which gives 16.7 million colours. Many other MPEG Cards only produce 15 or 16 bit (32K/64K colours) video output. CD quality stereo audio.

Easy Installation

No Jumpers to set, installation is totally software driven, under windows 95 or 3.x.

Excellent Technical Support

All boards are developed in-house and therefore full support is available.

All MPEG Cards mentioned in this Catalogue are of the ACE Multimedia brand.

MovieMaster xtra

New Release

This MPEG playback Board has been designed on the basis of feedback from customers who require...

XTRA QUALITY - 24 Bit true colour (16.7 million colours)

XTRA VERSATILITY

No specific graphics card required. Some MPEG cards require a specific graphics card which restricts the users choice when they wish to upgrade their system. (Minimum system requirements: 486 33MHz, 4MB RAM)

XTRA FUNCTIONALITY

Output to TV as well as a VGA monitor. This is true TV output, not a convertor.

XTRA VALUE FOR MONEY - Exceptional value at...

MPEG Technology

MPEG transforms your PC into a movie theatre! MPEG is the new video technology that allows full-screen video playback at a smooth 30 frames per second. The Motion Picture Experts Group developed the MPEG standard for the compression of digital video and audio. MPEG is the only way to get smooth, fluid full-screen video playback with CD-quality soundtrack. All CDs in the MPEG Packs above are fully MPEG compatible, giving you state-of-the-art PC Video entertainment.
